Subject: EPA Response: Proposed Changes in Project Managers for Tetra Tech RAC Work Assignments

Hello **Nonresponsive based on revised scope**

EPA concurs with the proposed changes to Tetra Tech RAC Project Managers for work assignments discussed in your letter to me, dated May 9, 2019.

Thank you in advance,
Tiffany K. Gillespie

Subject: Proposed Changes in Project Managers for Tetra Tech RAC Work Assignments

Hi Tiffany

Attached please find several proposed changes in project managers for our RAC work assignments.

These assignments are related to the **Nonresponsive based on revised scope** Keystone Sanitation Landfill, and **Nonresponsive based on revised scope** Sites.

I have copied the respective EPA RPMs on this announcement (i.e., John Banks, Chris Sklaney, and Joe McDowell).

Please contact me if you have any questions or comments. Thanks. **Nonresponsive based on revised scope**
